February 6th, 2003

Listed below are the new market designations and criteria for our projects and releases. The criteria is specific and we will not deviate from it. These changes are immediate.

We will continue to send you a weekly "*priority*" sheet that will direct you and your staff accordingly. I fervently encourage a stronger communication effort with our format heads to insure that our collective objectives are met with a collaborative force.

Listed are the new designations:

TIER 1 MARKETS 1-30
TIER 2 MARKETS 31-75
TIER 3 MARKETS 76-140

(Monitored Stations Only – BDS or Mediabase)

- We pay only for the stations designated on our list.
- We will only pay the amount on the rate sheet for each artist.
- An add shall be defined, and payment will only be generated, after a station has spun a song for 56 times in a 4 week period, in the 6 a.m. to 12 midnight daypart. **** additional spins may accumulate in the overnights – however, those spins will not count towards the airplay criteria.*
- We won't pay for a station that has been given a promotion, artist appearance/performance.
- We will not acknowledge or approve any "bill backs"

If you have any questions, please feel free to give me a call directly.

Killer Mike "A.D.I.D.A.S. Game plan

1. The first week WBLK, WDKX and WAJZ should add the single with spins coming in before the add week. All three stations feel Killer Mike is an artist who may work out of the box for their station with the support from the label. The second week other secondary stations in my market should come on board ie. WPHR, WAMO and WDKX. The remaining stations like WENZ, WBOT and WCKX will depend on the success of the radio one picture we have created as a whole.

2. Regionally (in the northeast), Killer Mike is not a major played artists so I anticipate a slow build on the single. Each station will support thru mix-show play in the beginning so we should see 5 - 10 spins a week. At the top of the year, I would like to get as many stations as possible to battle the singe at their perspective stations to see how listeners feel about the single.

3. I plan on setting up the record with each mix show jock who has a free hand to play what they want @ the station. I would like to ask them their shoe size and send one Adidas sneaker to them and send the other match when the airplay reaches @ least 10 spins. For the staions who come out the box with 10 or more spins they will get an autographed pair of Adidas as well as a t-shirt to match. The type of clothing or accessory will be up to the DJ to request. Whoever breaks the single (with 20 spins a week or more), will receive a gift certificate to a sporting goods store to buy an outfit for a winner or themselves to purchase Adidas appearal which they will wear with Killer Mike when he comes to a market near by and the chance to take photos attend the show (if there is one in the market) or station visits and intws.

4. I would like him to sign some singles, t-shirts and photos for each mix-show jock who will support the single from the gate. Also, call-ins to these jocks (not necessarily phoners) will help show his appreaciation for their support.

Subject: Killer Mike gameplan

As per our meetings last week, I am asking everyone to please send in their Killer Mike " A.D.I.D.A.S" game plan for their markets. It should be very detailed on how YOU are going to get this record on radio in your market. It should include the following information:

1. Which stations are coming in the first, second, third and fourth week?
2. What type of airplay do you expect to have from each station that comes on the record
3. What are you doing to get the record on the radio?

4. What do you need Killer Mike to do? (short of visiting your market. You know he will do that anywhere his record is played)

Thanks. This information will be shared with the promotion/marketing dept..

Please get this information in by Thursday, December 19th. Please let me know if you have any questions.

Thanks for Jennifer Lopez this week. Have you seen the video!?!? "The Making Of ..." on MTV tomorrow night and TRL Debut Wednesday. Gonna be a HUGE week.

Ginuwine up another 270x this week and going Top 25!! True, WZMX did not have the greatest run with the record. But your Clear Channel brethren have HUGE CALLOUT!!!!!!!?!?!
WAKS Top 5 Callout... POWER
KHTS Top 10 Callout... 45x a week
WKST Top 5 Callout... 50x a week
WKGS #1 Callout... POWER (well, it was in Power, came out this week)
KDWB Top 10 Callout... 60x a week
WIHT Top 15 Callou... 60x a week

So I ask this... would you compare your Core to WZMX, or to these Kiss stations??? Ahhhhhhhh

Also, Audioslave "Like A Stone" up over 200x this week. #1 MOST ADDED LAST WEEK!!! WAKS, WKQI, WNCI, WDCG, WSTR, KZHT, KMXV... STILL Power rotation at MTV and VH1. WKSE Buffalo has Top 15 Calllout with his upper end already!! KBKS Seattle has #5 Callout with their Core already. It was the #21* selling album in the country last week and the #24* selling album in Hartford. Just behind Coldplay (#22*) and out-selling All-American Rejects and Simple Plan.

WHAT DO I HAVE TO DO TO GET AUDIOSLAVE ON WKSS THIS WEEK?!!? Whatever you can dream up, I can make it happen!!!

Give me a call,

Hi [redacted]thanks-I needed your advice-I know Alex feels like he is being pulled in different directions and I don't want him to feel that way. Two weeks ago, it cost us over 4000.00 to get Franz on WKSE. That is what the four trips to Miami and hotel cost. Yesterday I specifically heard him tell Dave Universal that the cost was outrageous and we needed Good Charlotte to make up for some of the costs. He was perfect. Dave hates GC and Franz will be in overnights for a few more weeks. At the end of the day, Universal added GC and Gretchen Wilson and hit Alex up for another grand and they settled for $750.00. So almost $5000.00 in two weeks for overnight airplay. He told me that Tommy really wanted him to do it so he cut the deal. We are now once again on Dave Universals agenda in which we swore we would never do again. I did speak to Tommy and he feels like the records will come out soon but Alex sees it different. I will stay out of it but I don't want Alex to feel like he is getting different direction. I just think it is bad business that we swore we would not not do again.

Love the idea but don't want to position Duran Duran with an 80's club... The 80's were an important time in their career but they are still just as relevant in 2004. Doing that event might celebrate their past more than their future.... Possibly an event at a Martini bar with 30+ female based crowd could make sense...

Hey man, I just wanted to let you know that I have been approached by someone with connections to an all eighties club here in Charlotte (The Breakfast Club) about trying to do an event/listening party/release party for the new Duran Duran album. Basically, if done before release, come here the new album in its entirety, and then they would spin old cuts. I wanted to run this by you, I'm still kind of in the planning phases for it, but it could be big.

Otherwise, I hope all is well, I look forward to hopefully seeing you at Franz Ferdinand.

Subject: Important Switchfoot Xmas shows.

We need to get an answer regarding the xmas shows for:

San Antonio KXXM Dec 15
Rochester WPXY Dec 16
Buffalo WKSE Dec 17

As we discussed on Friday this is a very critical and crucial stage in the life of "Dare You To Move".

Over the last year we agreed that we would focus on Xmas instead of the summer shows based on the fact Switchfoot would have 2 songs on the radio.

We also agreed that from December 1 - December 21st we would have the band for Top 40 Xmas shows.

Rochester, Buffalo and San Antonio might not have been on the original list but they do fall between Dec 1 - Dec 21. If a member of the band was thinking about vacation we should have been asked if we still needed them during the time we requested.

These shows are important to all of us. Pleae let me know by tomorrow so that we can make the proper arrangements.

Thanks

Subject: kxxm Good Charlotte great news on "Predictable" can we finish what we spoke about, please [redacted].

[redacted]

Thanks for taking time out of your schedule to read this. We all know how busy you are.We are calling to let you know all the great things going on with Good Charlotte. I know you saw we were:

* +400 spins this week!
We are at 28 on the BDS building chart today.
As well we are 27 +155 spins on the Media Base building chart already after only 2 days!
The GC Album is solid again in San Antonio with 539 scanned with a #8 ranking in S.A. this week
* There are many increases called in today (see below) as well as another solid add week: wxss,wxxl,wape,wrvw,wpxy,wdcg etc.

When we all spoke putting the Good Charlotte single together a few weeks ago. We all agreed that the single would start slow, but that the single would get 1 good spin plus the overnight spin.To date we have not received that 1 good daypart spin. The 11pm spins have been Carson Daily spins.
It is not our procedure to be BDS police. We feel the spins effectively carry out the promotions we have in place with KXXM. We know you have given 1 of the 2 trips away. Can we now with everything positive going on get those 7-10pm daypart spins started now? So we can finish our business on both trips. Plus talk about the Austin TX. Good Charlotte show coming 11-21-04 to the Austin Music Hall. We would like to do a special meet n greet and perhaps talk about a BUS for winners.

Please [redacted] can we move forward with those 7-10pm daypart spins this week to start now. There is so much positive stuff going on with "Predictable"

Awaiting your thoughts,

Dear ,

During the last year, the Music Business has gone through some difficult times. We have all had to make some adjustments to the way we conduct our business. The industry will continue to evolve and change as we attempt to implement the most efficient business model. Epic Records considers our relationship with you an important part of that business model and we appreciate your partnerships in helping us break records.

This letter is to emphasize certain points that have been made over the past 6 months and to reiterate our pay scale here at Epic Records. First of all, as most of you already know, we have adopted new fixed billing rates (unless otherwise discussed and approved by one of the appropriate department heads). The rates are as follows.

Markets	1-23	$1000
Markets -	23-100	$800
Markets	101 +	$500

- Epic Records does not pay for indicator Stations

Epic Records has already instituted a 75 spin minumum rule. If a record receives less than 75 spins at any given radio station, we will not pay the full rate. Epic has also introduced the practice of "no billbacks" and we will enforce this policy. Volume bonuses are still part of out Indie Program and have not been cut.

Please send all bills to:

[redacted]
Epic Records
550 Madison Ave 22nd Floor

If you have any questions, please free to contact us. We look forward to breaking many records togther in the future.

Celine Dion tickets which were given to the Operational Manager of WSSP in connection to Holla Point rotation. Please let me know if this is ok so I can proceed with the P.O. If you have any questions, please let me know. Thanks!

Here is the list of stations that runs Open House Party on Sunday nights. The host's name is Kane. The request line is still 800 669-1010.

As for Saturday nights, you need to rotate your people. My guys on the inside say that it's the same couple of girls calling in every week and that they are not inspired enough to be put on the air. They've got to be excited. They need to be going out, or getting drunk, or going in the hot tube, or going clubbing.... you get the idea.

you know we never have laptops. those are a joke. can only get from j&r or sonystyle at full retail. but honestly, our discount isnt much to begin with. go to sonystyle.com and click on computers, then notebooks.....

during this time of year, i have to ask you to help out in the research and try to provide me the model numbers.
it just gets way too busy from now until after the holidays.

thanks

Hey [redacted]

[redacted] worked out a deal with Enuff @ Hot 97 around the Nas & Xzibit record. In return, Enuff asked [redacted] if he could get him a car from Wednesday - Friday from his house to Hot 97. The amount would be $160.00 + tolls each trip. Thoughts?

Subject: Spin Programs

Please be advised that in this week's Jennifer Lopez Top 40 Spin Increase of 236 we bought 63 spins at a cost of $3,600.

Please be advised that in this week's Good Charlotte Top 40 Spin Increase of 61 we bought approximately 250 spins at a cost of $17k... which means in reality we were down almost 200 spins for the week. On the positive, Audience on the record was up - primarily due to better dayparts at Z100 and in Chicago. Boston Spins and Airplay were also up...
