

2023 Fall Legal Externships for Law Students

Externships for Academic Credit | Application Deadline is September 15, 2023*

The Office of the New York State Attorney General (“OAG”) has externships for course credit available during the 2023 fall semester for second and third-year day law students, as well as evening law students who have completed at least three (3) semesters. Interested law students must be receiving course credit for their work at the OAG as part of an independent study, externship program or clinical program. Applications will be received online until September 15, 2023, and offers will be made on a rolling basis.*

The OAG is seeking hardworking and talented law students who have excellent legal research and writing skills; fluency in other languages in addition to English is a plus but is not required. Applicants are encouraged to learn more about the OAG prior to submitting their applications by visiting the [Divisions and Bureaus](#) and [News and Media](#) sections of the OAG website.

Placement Experience

- Selected law students will assist attorneys in all phases of their work.
- By conducting law-related assignments, students will be exposed to a broad range of legal work that will allow them to gain valuable public interest law experience. Assignments may include but will not be limited to the following: writing memoranda; drafting pleadings, writing discovery requests or responses; preparing for and attending depositions, hearings, or in-court matters; interviewing clients, witnesses, and experts; assisting with investigations, case negotiations; and conducting general legal research assignments.
- In their assigned bureau/office, students will have the opportunity to interact regularly with attorneys who are working on innovative and impactful cases. The OAG is committed to ensuring students have an interactive and professionally valuable experience.
- A key objective will be for law students to finish their placements with a legal writing sample.

Program Details

- **The OAG is offering students two program format options during the 2023 Fall Program: hybrid or remote. Please review the following for information about each format option. Format availability will vary by bureau and location, see the posting for details.**
 - 1) A hybrid placement option, which means students may report to their designated workstation two days per week. On the days students will be working remotely, they will need to have access to a reliable computer, a secure internet connection, a phone and a sufficiently quiet and private workspace to telework.
 - 2) A remote placement, which means students will telecommute for the duration of their placements. Students in this format must have access to a reliable computer, a secure internet connection, a phone and a sufficiently quiet and private workspace to telework.
- **At the time of hire, law students are required to provide written confirmation from their schools indicating their acceptance into an externship program, a clinical program or an approved independent study.** Additionally, this confirmation must indicate the following information:
 - The appropriate externship contact at their school;
 - The parameters of the externship, including the employer’s responsibilities;
 - The required minimum/maximum work hours to be completed by the student; and
 - The number of credits the student will receive upon completion of the placement.
- Students are encouraged to commit to work part-time (approximately 15 hours/week) during regular business hours for at least a semester (10-12 weeks) or the minimum stipulated by their externship, clinic or independent study.

- Students hired for the fall may begin their placements on September 6, 2023 or after.
- Applicants must be available to meet by video conference for interviews.
- U.S. citizenship and New York State residency are not required, but applicants must be eligible to be employed in the U.S.
