NOTES TO STATEMENT OF FINANCIAL CONDITION

1. BASIS OF PRESENTATION:

Donald J. Trump transferred a significant portion of his assets and liabilities, including certain entities that he owned, to The Donald J. Trump Revocable Trust dated April 7, 2014, as amended (the "Trust"), or entities effectively owned by the Trust, prior to Donald J. Trump being sworn in as President of the United States of America on January 20, 2017.

The accompanying statement of financial condition consists of the assets and liabilities of Donald J. Trump, including the assets and liabilities of the Trust (hereinafter "Mr. Trump"). Donald J. Trump, who is the grantor of the Trust, was the sole trustee and beneficiary of the Trust, until January 19, 2017 when Donald J. Trump resigned as the trustee of the Trust but remained the sole beneficiary.

Assets are stated at their estimated current values and liabilities at their estimated current amounts using various valuation methods. Such valuation methods include, but are not limited to, the use of appraisals, capitalization of anticipated earnings, recent sales and offers, and estimates of current values as determined by the Trustees of The Donald J. Trump Revocable Trust dated April 7, 2014, as amended, (the "Trustees") in conjunction with their associates and, in some instances, outside professionals. Considerable judgment is necessary to interpret market data and develop the related estimates of current value. Accordingly, the estimates presented herein are not necessarily indicative of the amounts that could be realized upon the disposition of the assets or payment of the related liabilities. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated current values or amounts.

Certain immaterial personal assets and liabilities, such as automobiles, personal and household effects have not been reflected in the accompanying financial statement.

Accounting principles generally accepted in the United States of America require that personal financial statements: include a provision for current income taxes, as well as estimated income taxes on the differences between the estimated current values of assets and the estimated current amounts of liabilities and their tax bases; include amounts to be received in the future from estimated current values that are nonforfeitable, fixed and determinable, and do not require any future services; record the current estimated value of all closely held and other business entities as

a net investment (assets net of liabilities) and disclose summarized financial information about each entity; record non-interest bearing deposits in exchange for rights or privileges; and, include all assets and liabilities of the individual whose financial statements are presented. The accompanying statement of financial condition does not include the following (A) for Trump International Hotel & Tower Chicago: (1) real property and related assets, (2) mortgages and loans payable, and (3) guarantees which Mr. Trump may have provided; and, (B) the goodwill attached to the Trump name.

This financial statement does not reflect the value of Donald J. Trump's worldwide reputation; however, the brand value has afforded Mr. Trump the opportunity to participate in licensing deals around the globe as reflected on the statement of financial condition herein (see Note 5). Mr. Trump's name conveys a high degree of quality and profitability. This prestige significantly enhances the value of the properties reflected in this financial statement, as well as that of future projects. The brand along with the level of quality of Mr. Trump's residential developments has allowed the selling price per square foot in Trump properties to be amongst the highest among prominent real estate developers. The goodwill attached to the Trump name has significant financial value that has not been reflected in the preparation of this financial statement.

2. CASH AND CASH EQUIVALENTS:

Cash and cash equivalents represents amounts held by Mr. Trump and amounts in operating entities.

The property also contains residential condominiums that are owned by the residents. The commercial and retail portions of the property are located at 725 Fifth Avenue between East 56th and East 57th Streets in New York City. The property is leased to NIKE Retail Services, Inc. for a term that will end on May 31, 2022 as the lessee has exercised its' first option to extend the term of the lease to said date. The lessee will then have the option to extend the lease, for two additional five-year terms beyond that date.

The estimated current value of \$422,400,000 is based on an evaluation by the Trustees in conjunction with their associates and outside professionals, applying a capitalization rate to the net operating income.

This is a 72-story tower consisting of 1.3 million square feet. Mr. Trump has restored this property to its position as downtown Manhattan's premier office building.

The estimated current value of \$720,300,000 is based upon an evaluation made by the Trustees in conjunction with their associates and outside professionals based on comparable sales. Some of the major tenants are Countrywide Insurance, Walgreen's/Duane Reade, The Green Ivy School, Dean and DeLuca, Inc., UBS Financial Services and several prominent engineering firms such as Thornton Tomasetti, Inc., Leslie E. Roberston Associates and Haks Engineering & Land Surveyors.

3. REAL AND OPERATING PROPERTIES (CONTINUED):

Trump Park Avenue (Continued)

The estimated current value of \$175,700,000 is based upon an evaluation made by the Trustees in conjunction with their associates and outside professionals of the amount that will be earned as a result of the sale of the remaining condominium units, as well as applying a capitalization rate to the stabilized net operating income to be derived from the commercial space.

The unsold condominium units have been pledged as collateral with respect to a loan payable. As of June 30, 2018 the amount of this debt was \$10,100,000. The note, which is collateralized by the unsold condominium units, bears interest at the rate of 3.25% per annum and matures on August 1, 2020.

Funds in the amount of \$160,000 have been escrowed pursuant to the terms of the loan. This asset is reflected in this financial statement under the caption "Escrow, reserve deposits and prepaid expenses."

Club Facilities and Related Real Estate

Entities wholly owned by Mr. Trump have acquired certain properties for the purpose of developing them into club facilities and have acquired existing clubs which have been brought to Trump standards and have been rebranded. Several of these clubs will also contain residential units that they will sell. In those cases where a residential component exists, comparable sales were utilized in arriving at their values.

The Mar-a-Lago Club in Palm Beach, Florida

Mr. Trump acquired this property in 1985 and transferred ownership to a wholly owned limited liability company in 1995. It is now an exclusive private club which consists of 117 rooms. Prior to June 1, 2010, one condition of membership was the contribution of a non-interest bearing deposit that does not require repayment until 30 years after receipt, and then only upon the member's resignation. The fact that Mr. Trump will have the use of these funds for that period without cost and that the source of repayment will most likely be a replacement membership has led the Trustees to value this liability at zero, and not its present value.

5. **REAL ESTATE LICENSING DEVELOPMENTS:**

As stated in Note 1, this financial statement does not reflect the value of Donald J. Trump's worldwide reputation, except to the extent it has become associated with properties either operative or under development. His recognized persona has evolved to the extent that it has become an internationally recognized brand name. The resultant prestige significantly enhances the value of the properties with which he is associated. The goodwill attached to the Trump name has proven financial value in that potential users of real property around the world have demonstrated willingness to pay a significant premium for ownership or use of a Trump related residence. As a result, other developers of quality properties have approached Mr. Trump with proposals for joint ventures involving ways in which his organization's development skill and reputation will bring enhanced value to them.

Mr. Trump has formed numerous associations with others for the purpose of developing and managing properties and is currently negotiating with other domestic developers. The estimated current value of \$202,900,000 was based on an assessment made by the Trustees in conjunction with their associates and outside professionals of the cash flow that is expected to be derived from these associations as their potential is realized. In preparing this assessment, the Trustees and their associates have considered only situations which have evolved to the point where signed arrangements with the other parties exist and fees and other compensation which will be earned are reasonably quantifiable.

Terms of the agreements vary and might involve defined compensation per unit or contingent fees based on parameters such as selling prices or gross profit levels, upfront guaranteed fees, a percentage of gross revenues and various management agreements (ex. hotel, condo, food and beverage, etc.). The process utilized by management to select the people and properties with which the Trump name will be associated is extremely selective; each must enhance Mr. Trump's reputation.
