My boss has been asked to provide a client's view of DB-PWM for our Co-Chairmen, Anshu Jain and Juergen Fitschen and our Senior Management Committee. The video will focus on our market position in the US. We were wondering if you would be so kind to do this. If you were inclined to say yes, the interview would be done in your office and would focus on a few key questions (see below). You will see the final, edited version before we use anything. The ultimate piece may be just 30 seconds or less.

The general themes/questions may include:

- 1) What is your perception of DB?
- 2) What skepticism did you have about Deutsche Bank prior to doing business with us?
- 3) Why would you work with a European Bank (based in the US)?
- 4) What was the key differentiator that DB brought to the table versus other competitors?

Please let me know your thoughts....

Thanks.

Kind regards,  
Rosemary
