276:18	Q. I'm just asking you, because of your		
276:19	involvement in the project, whether these		
276:20	figures, you know, ring a bell for you as		
276:21	something that you came across in connection with		
276:22	any of the work you did on Seven Springs		
276:23	development plan?		
276:24	MR. ROBERT: Objection to form.		
276:25	A. The SOSC just generally stopped at		
277:01	CONFIDENTIAL - ERIC TRUMP		
277:02	Allen. This was an accounting function. This is		
277:03	just not something I ever got involved in.		
277:04	As I already testified to, I knew		
277:05	nothing or next to nothing about the SOSC. I		
277:06	never worked on it. And I'm confident that I		
277:07	didn't know that my conversations or a question		
277:08	asked of me was ever used as part of that work		
277:09	product.		
277:10	Not that I question anybody on it. I		
277:11	just -- again, I was responsible for building		
277:12	properties and pouring concrete. This just was		
277:13	not in my domain.
