

2025 Summer Paid Program

Full-Time, Paid Placements for Law Students | Application Deadline is February 28, 2025*

The Office of the New York State Attorney General (OAG) is one of the largest public-interest law firms in the country. New York State Attorney General Letitia James, along with her staff of 700+ attorneys, are charged with guarding the legal rights of New York's more than 20 million residents, its organizations, and its natural resources, as well as defending actions and proceedings on behalf of the state and advising the Executive branch of state government. To further the spirit of this mission, OAG is committed to increasing diversity and inclusion at all levels of its hiring.

During the 2025 Summer Program, OAG is offering full-time, paid placements for law students who demonstrate an interest in pursuing a legal career in public service, government, and/or law enforcement. There is limited funding for this program and the office's goal is to provide hands-on learning opportunities to as many law students as possible.

We know that some law schools guarantee summer funding for students seeking public interest/public service placements. We encourage you to confer with your school's public interest/public service career advisors or financial aid office to learn about available funding for public interest/public service placements with a government agency, such as OAG, and to consider applying for a Summer Public Service Fellowship instead. Please review the [2025 Summer Public Service Fellowship](#) posting for more information.

OAG is seeking hardworking and talented law students who have excellent legal research and writing skills; fluency in other languages in addition to English is a plus but is not required. Applicants are encouraged to learn more about OAG bureaus and regional offices prior to submitting their applications by reviewing information that is available on the [public website](#).
