The Office of the Attorney General is seeking qualified candidates for Detective Investigator Trainee positions in the Office of Special Investigations' (OSI) New York City location. Candidates should be hard working, motivated, and committed to public service on behalf of the people of the State of New York.

In June 2020, the New York State Legislature passed legislation codifying and [expanding](#) the Governor's previous [Executive Order](#) granting the OAG the jurisdiction to investigate and potentially prosecute incidents when a police officer or peace officer causes the death of a person.

OSI Detectives participate in investigations of the circumstances, facts, and conditions connected with incidents covered by the OSI's legislative mandate, using the highest level of independent judgment and discretion to ensure the integrity, thoroughness, and fairness of the investigations.

OSI is a special and unique office, which requires OSI detectives to have special and unique abilities, particularly with mindset. Too often, those who have had a long career in the field of law enforcement develop a bias where they view actions of police through the lens of being right or justified. This is sometimes referred to as "Blue bias." Candidates who apply for an OSI Detective position must be free of this kind of bias, or at least have the ability to recognize it so as to eliminate it from any and all OSI investigations.

- Excellent interpersonal communication skills.
