

2026 Summer Paid Program

Full-Time, Paid Placements for Law Students | Application Deadline is February 27, 2026*

The Office of the New York State Attorney General (OAG) is one of the largest public-interest law firms in the country. New York State Attorney General Letitia James, along with her staff of 800+ attorneys, are charged with guarding the legal rights of New York's more than 20 million residents, its organizations, and its natural resources, as well as defending actions and proceedings on behalf of the state and advising the Executive branch of state government. To further the spirit of this mission, OAG is committed to increasing diversity and inclusion at all levels of its hiring.

During the 2026 Summer Program, OAG is offering full-time, paid placements for law students who demonstrate an interest in pursuing a legal career in public service, government, and/or law enforcement. There is limited funding for this program and the office's goal is to provide hands-on learning opportunities to as many law students as possible.

We know that some law schools guarantee summer funding for students seeking public interest/public service placements. We encourage you to confer with your school's public interest/public service career advisors or financial aid office to learn about available funding for public interest/public service placements with a government agency, such as OAG, and to consider applying for a Summer Public Service Fellowship instead. Please review the [2026 Summer Public Service Fellowship](#) posting for more information.

The OAG is seeking hardworking and talented law students who have excellent legal research and writing skills; fluency in other languages, in addition to English, is a plus but is not required. Applicants are encouraged to learn more about OAG bureaus and regional offices prior to submitting their applications by reviewing information that is available on the [public website](#).

Summer Program Experience

- Placements are available within the following divisions: Criminal Justice, Economic Justice, Executive, Regional Offices, Social Justice, State Counsel, and Solicitor General.
- Law students work in one of the divisions/bureaus in either Lower Manhattan or Albany, or in one of the 13 smaller [regional offices](#). The [practice area of a bureau](#) is generally reflected in its name.
- The regional offices are full-service locations handling civil and criminal matters as well as state counsel matters in defense of the state.
- Selected law students assist attorneys in all phases of their work. By conducting law-related assignments, students will be exposed to a broad range of legal work allowing them to gain valuable public interest legal experience. Assignments may include the following: writing memoranda; drafting pleadings; writing discovery requests or responses; preparing for and attending depositions, hearings, or in-court matters; interviewing clients, witnesses, and experts; assisting with investigations, case negotiations, and conducting general legal research assignments.

- A key objective of the program is for law students to finish their placements with a legal writing sample.
