Mom

That photo wasn't enough

Mom

? Lift with Gov? Oh god. Don't box with him. Please

Hahahahaha

Mom

How did this plan hatch?

He asked what I do for sports. We got talking about skiing. Told him he was at a soccer game

Said I ran for a while and now i lift and box

He started asking what I lift etc. how many push-ups can I do. Are they real. How far down do I go though

Mom

Oh no. I feel a push-up contest coming.

iMessage

< 13

Real push-ups

He said he will triple whatever I lift

Mom

He does not know who he is messing with

He laughed so hard

He was like no you don't that's crazy

Mom

Oh god

He was like do you have a bf
I said no
he said well that's why. you could beat them all up
So I said yeah, there are a lotta fools out there. They have to squat more than I can. It was easier a few years ago

He kept going back to the pushups though so I told him dad would make me practice during commercials

I was also the driver when everyone got injured. Someone had to stay whole

Are you doing push-ups now, I fear?

I was like please don't make me do them now

I've lost five pounds of muscle this month. Been busy

He asked if I went up to vt 🤔

Said I have duties in ny haha

Then he asked how much I bench

What my circuits look like

How often I box

Told him I'm leaving equinox

This all started because he wanted to dictate a letter

So he goes

"Letter to..." and paused

And then goes

So I laugh and say OKAY. To [redacted]

What he say to that

He asked me if I liked what I was doing for work and I said yes and he said that he liked that I did the book because he thinks I'll find other things I'll like too and won't just decide my whole career based on experiences from my past

He said law degrees aren't what they used to be. I asked him what he thought about the joint degrees - told him some of the programs I was thinking about - he seemed more interested in that and said it made more sense but he doesn't know much about it

Said being a lawyer isn't necessarily the go-to and that I have to decide if I want to do personal one on one work or social change or policy or what

Got emotional about Hamilton. Told him I still bug them about it. Told him I even called them two months ago

A real heaaarrt. To heart

He was impressed and said he was proud

He * got emotional

"WHAT ABOUT BLAH BLAH"

He understood

I told him to tell me if he thought of anything else

How do you feel bout all this

He said they will never give up power

I said I know, that's why I'll take it

Ha!

Said you guys had always tried to make sure I wasn't making rash decisions and that I don't like to be messed w and I want to do something like smart but on a bigger scale and he said I still should wait to decide what kind of work I want to do

I feel good
