If you have received this e-mail in error, please notify the sender by replying to the email immediately and arrange for its return or destruction.

May 16, 2018

Dear New York State Office of the Attorney General:

I am writing to strongly encourage you to approve the sale of the assets of Fidelis Care to Centene Corporation, resulting in the creation of the Mother Cabrini Health Foundation.

In our community, there are so many New Yorkers in need. Through the new foundation, more than \$150M a year will be made available to local organizations like ours, enabling us to expand our capabilities to provide critical services to needy individuals and families.

Addressing education, housing, jobs, health care, will make a major difference here in Central New York, where we have seen high rates of inner city poverty and poor health outcomes.

As you know, the Department of Health, the Department of Financial Services and federal regulators have already approved the transaction. With your approval, the groundbreaking Mother Cabrini Health Foundation will transform the lives of New York's poor, neediest and most vulnerable.

We appreciate your consideration on this deeply important matter.

Sincerely,

Kimberly Townsend
