THE PEOPLE OF THE STATE OF NEW YORK and

ENVIRONMENTAL CONSERVATION, by

the State of New York,

**CIVIL CONSENT
ORDER AND
JUDGMENT**

Plaintiffs,

Index No. 900208-19

-against-

ROBERT BOSCH GmbH and ROBERT BOSCH LLC,

Defendants.

WHEREAS, Plaintiffs the People of the State of New York and the New York State Department of Environmental Conservation (together, the “State” or “New York”), by Letitia James, the Attorney General of the State of New York, filed this action in the Supreme Court of the State of New York, Albany County, alleging that Robert Bosch GmbH and Robert Bosch LLC (together, “Bosch”) knowingly developed, programmed, or refined emissions control software that its motor vehicle manufacturer clients, Volkswagen (including Volkswagen AG, Audi AG, Volkswagen Group of America, Inc., Audi of America, LLC, Volkswagen Group of America Chattanooga Operations LLC, Dr. Ing. h.c.F. Porsche AG and Porsche Cars North

America, Inc.) and Fiat Chrysler (including FCA US LLC, Fiat Chrysler Automobiles N.V., V.M. Motori S.p.A., and V.M. North America, Inc.), implemented with undisclosed auxiliary emission control devices (“AECDs”) and/or unlawful “defeat devices” in certain light-duty diesel passenger vehicles they marketed and sold in the U.S. market;

WHEREAS, Plaintiffs alleged that the foregoing conduct violated New York General Business Law (“GBL”) §§ 349 and 350, which prohibit deceptive acts and practices and false advertising in the conduct of business; Article 19 of the Environmental Conservation Law (“ECL”), which protects New York’s air quality from pollution, and its implementing regulations found at 6 NYCRR Parts 200 *et seq.*; and Executive Law § 63(12);

WHEREAS, New York, along with the Attorneys General and (where relevant) the various environmental enforcement agencies of 49 other States, Commonwealths, and territories formed the Multistate Working Group to investigate Bosch in connection with the emissions of diesel passenger vehicles sold and offered for sale in the U.S. by various motor vehicle manufacturers;

WHEREAS, Bosch has cooperated in the Multistate Working Group’s emissions investigation and, since the initiation of the investigation, has implemented substantially enhanced compliance policies and procedures applicable to its Powertrain Solutions Division, that (i) prohibit the development or calibration, or assistance to an OEM, as that term is defined in Section II herein, in the development or calibration, of defeat device software in violation of applicable U.S. state and federal laws; (ii) specify when and how Bosch will evaluate software to determine whether it may operate as a defeat device in violation of applicable state and U.S. laws; and (iii) require Bosch to maintain a record of such evaluations;

WHEREAS, Bosch previously reached a class action settlement agreement between Bosch and private class action plaintiffs in the multidistrict litigation styled as *In re: Volkswagen “Clean Diesel” Marketing, Sales Practices, and Products Liability Litigation*, No. 3:15-md-02672-CRB (N.D. Cal.) (MDL 2672), pursuant to which Bosch made available Two Hundred Seventy-Five Million Five Hundred Thousand dollars (\$275,500,000) to compensate class members;

WHEREAS, Bosch and New York have agreed to resolve the Environmental and UDAP Claims raised by the Covered Conduct, as defined in Section II below, by entering into this Consent Order and Judgment (“Judgment”);

WHEREAS, concurrently with this Judgment, Bosch is entering into consent judgments with identical injunctive provisions with each member of the Multistate Working Group in their respective U.S. state courts, and as part of the relief provided in these settlements, Bosch will pay Ninety-Eight Million, Seven Hundred and Thirteen Thousand, Three Hundred and Seventy Eight dollars (\$98,713,378) to the Multistate Working Group in aggregate, an amount which, according to Bosch, represents disgorgement of multiples of Bosch’s profits and more than all of the revenue Bosch realized on the sale of its electronic control units to Volkswagen and Fiat Chrysler for inclusion in the Diesel Vehicles, as defined in Section II below;

WHEREAS, Bosch has agreed to pay an additional Five Million dollars (\$5,000,000.00) to the National Association of Attorneys General in connection with its settlements with the Multistate Working Group;

WHEREAS, New York and Bosch (collectively, the “Parties”), have entered into the Consent & Stipulation, dated January 9, 2019, in which the Parties consent to the entry of this

Judgment consistent with the terms and definitions agreed by the Parties and reiterated herein;
and

WHEREAS, the Parties have consented to entry of this Judgment for the purpose of avoiding prolonged and costly litigation, and in furtherance of the public interest.

NOW, THEREFORE, IT IS ADJUDGED, ORDERED AND DECREED:

I. JURISDICTION AND VENUE

during regulatory emissions compliance testing, and to maintain, for a period of five (5) years, a record of any such determinations;

Nothing in this Judgment constitutes an agreement by the Attorney General or the DEC concerning the characterization of the amounts paid hereunder for purposes of any proceeding under the Internal Revenue Code or any U.S. state tax laws. The Judgment takes no position as to the tax consequences of the Judgment with regard to U.S. federal, state, local and foreign taxes.
